

## REPORT TO BUSINESS SERVICES COMMITTEE – 14 NOVEMBER 2019

### BUSINESS SERVICES MID-YEAR PERFORMANCE MONITORING REPORT - APRIL 2019 – SEPTEMBER 2019 (COUNCIL PLAN PRIORITIES 2017-2022)

#### 1 Reason for Report / Summary

- 1.1 To provide the Business Services Committee with an update on progress in relation to actions and outcome indicators supporting the Council Plan Priorities 2017-2022.

#### 2 Recommendations

The Committee is recommended to:

- 2.1 Acknowledge and consider progress made during 2019/20 towards achieving the Council Plan Priorities 2017-2022 referred to in Appendices 1-3;
- 2.2 Instruct the Director of Business Services to continue to present performance reports to the Committee on a six-monthly basis, evidencing progress and performance with delivery of the Council Plan 2017-2022; and
- 2.3 Agree the revised Measures of Success detailed in Appendix 2 and referred to in section 4.4 below.

#### 3 Purpose and Decision-Making Route

- 3.1 The [Council Plan 2017-2022](#) was approved at the Full Council meeting of 23 November, 2017, providing strategic direction through the confirmation of the associated eleven priorities to provide a focus for the delivery of council services and how the Council would engage and work with partners, communities, businesses and the third sector in future years.
- 3.2 As agreed at the Business Services Committee meeting of 19 April, 2018, and the subsequent workshop on 5 September, 2018, it was agreed that the Service would lead on and scrutinize the delivery plans for the following Council priorities and associated outcomes:

Deliver responsible, long-term financial planning

Have the right people, in the right place, doing the right thing, at the right time

- 3.3 The purpose of this report and accompanying appendices is to provide an update to the Committee on progress with key actions and outcome indicators identified, which help demonstrate how we are working towards the priorities, and consider

how the Service is progressing, evidenced through a reflection of the performance achieved during the reporting period 2019/20 (April, 2019 to September, 2019).

- 3.4 The performance information detailed in the attached appendices is provided in order that this Committee can acknowledge progress.
- 3.5 Performance information in relation to Business Services actions and outcome indicators also will be presented to area committees.

#### **4 Discussion**

- 4.1 A summary of progress made during April – September, 2019, in relation to Actions and Outcome Indicators, is attached as Appendix 1. Full details of progress made for all Actions and Outcome Indicators for Priorities 9 and 10 is attached as Appendices 2 and 3.
- 4.2 Business Services also contributes to outcomes linked to other delivery plans for Council priorities which will be scrutinised by other policy committees. Collectively, all the outcomes and Outcome Indicators which are the responsibility of a specific Service create a virtual plan for that Service and provide direction to teams for the allocation of resources and work plans.
- 4.3 This and future performance monitoring reports are provided to assure and enable the Committee to monitor progress of delivery of the council priorities the Service is responsible for, providing a balanced overview allowing elected members to form a judgement on performance and support improvement, as required in line with the scrutiny remit of the Committee.
- 4.4 Following 2018/19 reporting, the Measures of Success have been reviewed to ensure the most meaningful measures are presented to the Committee for consideration. The revised Measures of Success are detailed in Appendix 2 and will continue to be reported for the remainder of the Council Plan (2017-2022).

Q2 typically has a much higher turnover rate than other quarters, principally due to the number of teachers who leave at the end of the academic year but also, to a lesser extent, non-teaching leavers.

The overall rate was as usual up significantly on Q1 at 4.4% (Q1: 2.8%). Of more relevance, however, is the fact that it is down somewhat on the comparable quarter from the previous year, 2018/19 Q2, which was 5.4%

The rates for the four main services were as follows:

Education & Children's Services: 4.8% (Q1: 2.4%)

Health & Social Care: 4.0% (Q1: 3.5%)

Infrastructure Services: 3.8% (Q1: 3.5%)

Business Services: 3.7% (Q1: 2.7%)
