

## PROGRESS WITH OUTSTANDING ACTIONS FROM PREVIOUS MEETINGS OF THE SUSTAINABILITY COMMITTEE AS AT 14 SEPTEMBER 2022

	Item Title	Date of Meeting	Action Agreed	Responsible Service	Progress to Date
1.	Local Electricity Bill	19 05 21	The Committee agreed that Local Electricity Bill would be added to the Outstanding Actions list.	Environment and Infrastructure Services	<p>No action undertaken so far; item added to allow Sustainability Committee to take watching brief.</p> <p>The next stage for Local Electricity Bill, second reading, was scheduled to take place on 10 December 2021. It was then rescheduled for 25 February 2022 but now looks on the website like it was rescheduled again for 06 May 2022. There are no further publications or further detail to understand the outcomes of this second reading on the website at time of this publication.</p> <p>Link to the Bill - <a href="#">Local Electricity Bill - Parliamentary Bills - UK Parliament</a></p>

## PROGRESS WITH OUTSTANDING ACTIONS FROM PREVIOUS MEETINGS OF THE SUSTAINABILITY COMMITTEE AS AT 14 SEPTEMBER 2022

2.	Aberdeenshire Council Route Map and Beyond.	15 06 22	<p>1. The Committee agreed to instruct the Director of Environment and Infrastructure to circulate the report to Area Committees for their consideration and comments, following which to progress the delivery of a workshop for Sustainability Committee Members, the Chairs, Vice Chairs and opposition spokespersons of the Policy Committees, on the route map and the methodology used within the toolkit; and thereafter to finalise and present a report to Full Council for approval.</p> <p>2. Officers to organise a briefing session on how to procure the local supply chain across the council.</p>	Environment and Infrastructure Services	<p>A report went to Area Committees on the following dates:</p> <ul style="list-style-type: none"> <li>• Formartine – 23 August</li> <li>• Kincardine &amp; Mearns – 23 August</li> <li>• Banff &amp; Buchan – 30 August</li> <li>• Marr – 30 August</li> <li>• Buchan – 6 September</li> <li>• Garioch – 6 September</li> </ul> <p>A workshop is to be held on 16 September 2022.</p> <p>The report is then planned for Full Council on 29 September 2022.</p> <p>Briefing session to be arranged by Team Leader (Environment &amp; Sustainability) in due course.</p>
3.	UK Emissions Trading Scheme (UK ETS) Update.	15 06 22	<p>1. Officers to submit the report on carbon emissions from energy from the waste facilities.</p> <p>2. Officers to bring back the information on how the UK ETS would be monitored.</p>	Environment and Infrastructure Services	<p>1. The Waste Service plan to bring a report to the Committee meeting in November on the carbon impact of Waste including Energy from Waste (EfWs).</p> <p>2. There is no information available on the monitoring of the UK ETS at this stage.</p>

## PROGRESS WITH OUTSTANDING ACTIONS FROM PREVIOUS MEETINGS OF THE SUSTAINABILITY COMMITTEE AS AT 14 SEPTEMBER 2022

4.	Aberdeenshire Council Pollinator Action Plan 2022-2027	15 06 22	Officers to bring back the report on the road verge management.	Environment and Infrastructure Services	We do have an existing verge management policy document which will need to be reviewed in association with Landscape colleagues. The Roads Service will seek to bring a report to the Committee meeting in November.
