The Policy is attached as **Appendix 3** to this report and is referred to for its terms. This continues the policy included in the Board's previous Statement of Licensing Policy.

- 3.10 Section 4.35 provides that the Board considers activities such as dances, discos, dinner dances, wedding receptions, parties where a disco or band is provided are generally acceptable for granting an occasional licence.
- 3.11 Additionally, the Board regularly grants occasional licences to permit stall holders at events and markets to provide an off sale facility.
- 3.12 Section 4.36 provides that if the Board sees a pattern of applications for occasional licences or extensions developing for functions or days or hours that could otherwise be accommodated within the operating plan for the premises, the Board may decline to deal with such applications and instead advise that the applicant apply for a major variation of their premises licence to accommodate such events.
- 3.13 Section 4.45 provides that repeated applications for Occasional Licences for the same unlicensed premises and which are:
- Not for detailed specific events; and/or
 - For activities that have been occurring (either in identical or largely similar terms) on the premises regularly over a period of at least 3 months)

Will not generally be considered to be suitable for the grant of an Occasional Licence and will not be granted by the Board under delegated authority but will require a hearing before the Board.

- 3.14 Officers are asking the Board to consider these applications in terms of Section 4.45 of the Board's Policy. In support of the officer's decision to do this, the history of applications for the premises is set out below.

3.15 The above demonstrates a pattern of occasionals for regular trading.

3.16 The Board's policy provides that such Occasional Licences **may** be granted where there is sufficient evidence that there is movement towards an application for a premises licence or a major variation of premises licence

being progressed **OR** under adequate explanation as to why a premises licence or a major variation of a premises licence is not being applied for. This will be considered on a case-by-case basis. The Board expects such premises to be operating under a Premises Licence and Occasional Licences should not be used as an alternative.

- 3.17 Section 4.46 of the Board’s policy places an onus on the applicant to explain their position to the Board:

“Section 59(6) of the Act specifies the grounds for refusal of an application for an Occasional Licence. These grounds include “that the Licensing Board considers the granting of the application would be inconsistent with one or more of the licensing objectives”. These licensing objectives include:-

	Securing public safety.
---	--------------------------------

	Protecting and improving public health.
---	--

The degree of scrutiny afforded by an application for a Premises Licence is not present where premises operate under a series of consecutive Occasional Licences. Accordingly, in the interests of better securing public safety and/or for better protecting and improving public health, the Board considers that it is not generally appropriate for a premises to operate on a series of consecutive Occasional Licences rather than apply for a Premises Licence and, in these circumstances, the Board will require an applicant to explain why an application for a Premises Licence is not being made.”

Implications

- 3.18 If the Board determines that an occasional licence should be granted, the licence will take effect for the duration of the event.
- 3.19 If the Board refuses an occasional licence, then no alcohol can be sold during the event.

Legal Test

- 3.20 The Legal Test is as set out in **Appendix 4** to this report.
- 3.21 If granted, mandatory conditions listed in the 2005 Act will attach to the occasional licence.
- 3.22 If the Board is minded to grant the applications, the following local conditions should apply to the licence:
- Conditions 1,3,4 6,8, 11, 12,, 15 17, 18(a), 19

Appendix 5 contains the list of available local conditions

- 3.23 The Board may also attach conditions which are specific to the premises to be licensed, where required. If minded to grant, the following specific conditions should apply to the licence:
- No specific conditions

Procedure

- 3.24 Each application should be considered on its own merits.
- 3.25 The basis of this report are the applications, representations and the submissions from the parties made at the hearing. If the Board is not satisfied that there is sufficient information to make a decision, the matter should be deferred to allow further information to be obtained.
- 3.26 All parties have been invited to attend the hearing by email dated 13th February 2024. Copies of this report, the legal test and the Board's Guidance on Procedures for hearings were included with the letter. Parties will be given the opportunity to participate in the meeting by whichever of the following means the person prefers: (a) telephone, or (b) written representations, including by means of an electronic communication [e-mail]. Any written submissions lodged with the Clerk will be circulated to all parties and to Members in advance of the hearing and will be taken to form part of this report.

3.27 The Board should follow the procedure outlined at **Appendix 6** of this report.

3.28 Members' options in disposing of the application are: -

- (a) To grant the application(s);
- (b) Refuse the application(s);
- (c) Grant subject to varied hours and/or additional conditions; or
- (d) Determine that further evidence is required in which case the applications should be referred to the next available Board Meeting in order further information can be obtained in the interim.

Where more than one application is being considered, the Board should make a separate decision in respect of each application under consideration.

3.28 When coming to a decision the Board must consider the evidence provided and the contents of the legal test. Supplementary advice and information can be made available by officers, if required.

4 Priorities, Implications and Risk
